EXPERIENCE

Frontend Developer & Designer

Mar 2021 — Oct 2023

Blissy, LLC.

Burbank, CA

- Managed an online store's e-commerce system and architecture across multiple platforms and domains
- Collaborated with marketing, brand, product, and customer support teams to implement website updates
- Customized components by modifying Shopify template codes in HTML/CSS, JavaScript, jQuery and Liquid
- Built site landing, product, blog and other marketing pages using best SEO practices and targeted marketing strategies, which drove a 190% increase in traffic from 6.9M to 13M annual visitors within a year
- Improved site navigation through backlinks, site maps and crosslinking, which reduced bounce rates by 21%
- Spearheaded more than 70 product launches online, including featured collaborations with NBC and Marvel
- Worked directly with CEO, CTO and CRO specialist to implement A/B testing on key landing pages, doubling conversion rates to 7.45% through optimized layouts and calls to action
- Documented standards of procedure with voiced-over recordings to act as a reference for other developers and provide a step-by-step manual for those in training

Frontend Developer & Designer Intern

Oct 2020 — Feb 2021

Marqui Labs

Los Gatos, CA

- Designed and developed websites using Vue and Nuxt.js for NASA's virtual subsidiaries (NARI, SSERVI)
- Built NARI's database management system using REST API and implemented advanced search features using Nuxt.js to easily scan research and events data, which improved user experience and accessibility
- Created web pages, digital and print designs for other clients as side projects

Web Design Intern

Nov 2020 — Feb 2021

Creative Digital Agency

San Ramon, CA

- Singlehandedly designed a 27-page web app from scratch using Figma in a remote work setting

Freelance Graphic Designer

Sep 2017 — Dec 2019

Innovative Design | *Filipinos in Silicon Valley Tech (FASTER) Conference* | *UCB PASAE*

Berkeley, CA

- Led graphic design for a tech conference garnering 200+ attendees including FAANG & F500 professionals
- Supervised marketing, web development and media coverage of over 30 events each year for STEM minorities
- Produced 3 client projects within four months under Berkeley's premiere design consultancy club
